

Japanese Consul Demands That Mayor Call Out the Militia to Protect His Countrymen — Attempts to Burn School and Church—Chinese Cooks on Strike. Lumber Mills Closed.

was soon joined by his countrymen. Other French sailors took part in the affray and a general fight ensued, which the officers were unable to suppress.

The Japs left the ship this morning and made arrangements with immigration officers to go north to British Columbia, where it is understood they will join forces with their warring countrymen.

if Japan enters into treaty relations of that kind with Great Britain it cannot refuse to do so with America, so that there is, after all, a prospect that Secretary Root and Ambassador Aoki will soon again be in conference on this subject.

ORIENTALS DISARMED.

(Continued From First Page.)

Regarding the anti-Asiatic riots at Vancouver. Two long dispatches have been received from the Japanese Embassy from Canada but these have not been communicated to the British government. The Colonial Office directors may they do not expect any communication from Ottawa on the subject and that while the event is greatly regretted, the imperial authorities are sure the matter can be amicably settled between the Japanese officials and the Canadian government.

If the long, and in the main serious comment by most of the morning papers on the Vancouver incident and the new space devoted to it may be taken as a criterion, the British public have at last awakened to the importance of the Asiatic question and the fact that it is one of the greatest issues confronting their most important colonies.

Efforts are made to picture the industry, patience and other good qualities of the Japanese and make much of the fact that such incidents of racial prejudice are rare under the British flag. They have never before occurred in British Columbia, and the papers express the conviction that the trouble will be settled amicably on the lines. Some papers also endeavor to attribute it to the influence of the San Francisco labor unions.

Attention is called to the determination of San Francisco and British Columbia, Australia, Cape Colony and the Transvaal to restrict Asiatic immigration and the fact that the sudden rise of Japan to the position of a first rate power fully capable of protecting its citizens and securing the respect due to its flag has all at once revealed to the world the gravity of a problem too long neglected.

The action of the Japanese here in the Vancouver case, it is understood, will be governed largely by the attitude which the Canadian government assumes and whether it takes adequate steps to protect its citizens from a repetition of the incidents and recompenses them for their loss. Ambassador Komura, refuses to be interviewed.

JAPAN DOES NOT FEAR COMPLICATIONS.

(BY THE ASSOCIATED PRESS—A.M.) TOKIO, Sept. 10.—The Foreign Office has received a dispatch from the Japanese Consul-General at Ottawa, saying that the Canadian government will express its regret for the riots at Vancouver and take steps to prevent further trouble. An official of the Foreign Office said to the Associated Press:

"We have the utmost confidence in the Canadian government, as we also have in that of the United States. Japan's dispatch says that the disturbance will soon be quieted and that there is no reason to expect its repetition. Our information is that this outbreak, like that at Bellingham and the Korean League's anti-Japanese agitation, created by false and exaggerated reports concerning conditions in Korea and the attitude and sentiment of Japan. The Foreign Office is not disturbed by the Vancouver affair, and is quite confident that everything will be done to protect the Japanese."

The accounts of the serious anti-Japanese demonstration at Vancouver, B. C., published in the Tokyo press, caused no excitement. The people, like the government officials, regard as foolish the idea of international complications. No editors' comments are contained in the evening papers. A few of the morning papers discuss the anti-Asiatic agitation. The Asahi says: "The agitation in British Columbia against Japanese labor is much older than that in California, but violence has been prevented hitherto by the firm attitude of the Dominion government. Undoubtedly this prejudice has been increased by the recent California incidents. The fact of Japanese immigration from Hawaii has also occasioned an increase of the anti-oriental agitation."

The Asahi points out the uselessness of such violence and cautions the Japanese against retaliation in kind. It says the Canadian government undoubtedly will take measures against similar regrettable affairs, and concludes as follows:

"Retaliation will not rectify. Our treaty with Great Britain extends to Canada and our treaty with the United States will be revised in 1911."

Other papers this morning say that the riots are regrettable, but cause no excitement among the Japanese.

A special dispatch from San Francisco, saying that Ishii was stoned and forced to take refuge in a building, regarded as the most serious feature of the affair, but this report is not confirmed by the Foreign Office.

ATTEMPT TO BURN JAPANESE SCHOOL.

(BY THE ASSOCIATED PRESS—A.M.) OTTAWA (Ont.) Sept. 10.—Japanese Consul Nomura today received the following telegram from Consul Morioka at Vancouver:

"About 10:30 last night (Monday), the rioters set the Japanese primary school on fire but the building was saved from destruction by the Japanese. I at once interviewed the Mayor at the police station and made demands on him to call out the militia whenever necessary."

Consul-General Nomura presented the telegram to Sir Wilfrid Laurier.

"All that I am doing is to inform the information of disturbances as it reached me. The rest I leave to the good sense of the British and Canadian government, who have always treated us fairly. I am satisfied that they will do so in the future and that our people will have the protection of the Canadian law."

EARL GREY WANTS ALL OFFENDERS PUNISHED.

(BY THE ASSOCIATED PRESS—P.M.) VANCOUVER (B. C.) Sept. 10.—Mayor Bethune yesterday received the following telegram from His Excellency, Gov.-Gen. Earl Grey, at Ottawa:

"I have learned with deepest regret of the indignities and cruelties of which the subjects of the Emperor of Japan, a friend and ally of his Majesty, the King, have been the victims. I hope that peace will be restored promptly and all the offenders punished."

ENGLAND'S POSITION RATHER EMBARRASSING.

(BY THE ASSOCIATED PRESS—P.M.) WASHINGTON, Sept. 10.—Not a word has been heard from any official source at the State Department relative to the reported attack upon the Hindus at Bellingham, Wash., last week.

It is believed that the British government, through its consular agent at Seattle, is making an investigation of the affair. It is surmised that in this case the British government will find it policy to move very cautiously in making representations to America, because the representations might be readily adopted by the Japanese government as the basis for similar demands upon the British government in

MRS. EARLE BIDDING GOOD-BY TO HER HUSBAND.

Artist Earle, His Brother Victor and Mrs. Earle. Scene at the pier as the artist was bidding his wife good-bye as she started for France to get a divorce so he could marry his "affinity."

connection with the attack upon Japanese in Vancouver. It is pointed out that the British government may be disposed to extreme moderation in the Bellingham case by reason of its knowledge of the general animosity felt toward the Hindus by Anglo-Saxons in every part of the world where the two classes come into contact. In South Africa only Natal affords anything like fair treatment to the Hindu and the other States of the confederation have practically driven them out of the country.

In Australia also the same treatment is meted out to the undesirable Hindu and the British government itself having fallen into a tacit recognition of the impossibility of forcing these coolies into competition with white labor in its own colonies according to the view here, will probably be very much embarrassed in finding words to protect the Japanese.

PREMIER HOPES FOR AN EARLY SOLUTION.

(BY DIRECT WIRE TO THE TIMES.) OTTAWA (Ont.) Sept. 10.—[Exclusive Dispatch.] R. G. MacPherson of Vancouver, member of the Canadian Parliament, had a conference today with Premier Laurier regarding the Japanese invasion of the Pacific Coast. The Premier, Mr. MacPherson subsequently said:

"Sir Wilfrid Laurier has been actively engaged on this question since he returned from England, and I am convinced that a solution is at hand. I had a most satisfactory interview with the Premier."

"You can say that I deprecate any act of lawlessness. I fully realize that such conduct makes the question all the more difficult to settle. We have no desire to interfere with the good feelings that exist between Canada and Japan as two nations, and I do not think that Japan has any desire to disregard our feelings."

KAISER DIRECTS BATTLE.

Leads His Army Forces to Victory in German Army Maneuvers Near Westphalia, Prussia.

(BY DIRECT WIRE TO THE TIMES.) ROEXTER (Westphalia, Prussia) Sept. 10.—[Exclusive Dispatch.] During last night, which was foggy, the opening forces of the German army maneuvers fought a "severe battle" the fortunes of the day depending upon possession of a fortified position between Rother and Schmoenberg.

The army under Gen. Von Steussner turned the heights and captured the fortifications, only to be driven out again at daybreak, when Gen. Von Bliesing's army assumed the offensive and forced Von Steussner back on his original position.

Emperor William personally directed the forward march of one of the victorious divisions of Von Bliesing's force.

TELLS ABOUT CROPS.

Average Condition of Corn, Wheat and Oats Shows Increase Compared With Last Month.

(BY THE ASSOCIATED PRESS—A.M.) WASHINGTON, Sept. 10.—The crop reporting board of the Bureau of Statistics of the Department of Agriculture, in its report, today, finds as follows:

Condition of corn September 1, was 80.2, as compared with 82.3 last month, 86.7 September 1, 1936, and a ten-year average of 81.

The average condition of spring wheat when harvested was 77.1 as compared with 79.4 last month and 83.4 for 1936 at the time of harvesting.

The average condition of the oats crop when harvested was 65.5 against 75.6 last month, 81.9 September 1, 1936 and a ten-year average of 82.6.

The permanent judges from the United States, Great Britain, Russia, Germany, Austria-Hungary, Italy, France and Japan.

The smaller nations will have a judge only for a number of years proportioned to the number of their permanent

PITH OF NEW FROM THE MIDDLE WEST.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Sept. 10.—[Exclusive Dispatch.] Despite the chill, the gloom and drip of fog and rain, Forecaster Cox came out strong today with a "keep 'em off" warning. Warm weather, he contended, is not a thing of the past. Those unfortunate who accepted the advice and kept them off were forced tonight to seek refuge in winter wraps when the chill east wind joined in to chase the mercury down to 35 deg.

The highest temperature recorded was 45 deg. Middle West temperatures:

BRYANISTIC MOVE.

CHICAGO, Sept. 10.—[Exclusive Dispatch.] A renovation and rehabilitation of the Bryanic Club of Chicago, with a view to making it the leading Bryan organization of the Middle West, has been undertaken by Bryan leaders in Chicago. The work has been going on quietly for days. It took only a day that the "Bryan" campaign was a big scheme to again subject Bryan to the local Democratic situation bigger than ever. When the scheme is perfected, the plans will be made public in connection with the announcement of a banquet to the Nebraska, probably next month.

UNWRITTEN LAW BARRED.

(BY DIRECT WIRE TO THE TIMES.) CHICAGO, Sept. 10.—[Exclusive Dispatch.] Men who believe in the unwritten law were today barred by the State from the jury to try Amasa Campbell, a wealthy Wisconsin lumberman, for the murder of Dr. Benjamin Harris. Two of the veniremen, who said they

ARMY GOING TO MOROCCO.

TEN THOUSAND SPANISH INFANTRY EMBARK.

Seven French Warships Are Provisioning in the Harbor and the Cruiser Desaix Is Expected With Two Battalions and War Balloon

(BY DIRECT WIRE TO THE TIMES.) GIBRALTAR, Sept. 10.—[Exclusive Dispatch.] Ten thousand Spanish infantry, 100 cavalry and six batteries of artillery will embark at Algiers today for Tangier.

The cruiser Cassini and the destroyer Desaix have arrived from the Moroccan coast. Both report that everything is quiet.

Seven French warships are here provisioning. The cruiser Desaix is expected today with two battalions of troops and balloon sections on their way to Morocco.

GERMANY'S ATTITUDE SURPRISE TO SPAIN.

(BY DIRECT WIRE TO THE TIMES.) PARIS, Sept. 10.—[Exclusive Dispatch.] A dispatch to the semi-official Temps from Madrid says:

"The attitude of a section of the German press on the question of the Moroccan port causes surprise because of its changed tone. Germany, since the beginning of the internal complications in Morocco, led us to hope that she, as well as the other signatories of the convention, would not offer any objections to the prompt rectification of the impasse which was developed in the Algeiras treaty."

ADVISE FRANCE TO MARCH ON FEZ.

(BY THE ASSOCIATED PRESS—P.M.) ROME, Sept. 10.—A number of the newspapers of Italy advise France to settle the Moroccan Moroccan affair question by marching on Fez.

La Tribuna, La Roma and others refer to "France's precarious situation," and declare she ought to clear herself at any cost.

CHRISTINE NILSSON ILL.

Friends of the Great Swedish Soprano Fear She Cannot Recover at Her Age.

(BY DIRECT WIRE TO THE TIMES.) STOCKHOLM, Sept. 10.—[Exclusive Dispatch.] Mme. Christine Nilsson (Countess Miranda), the great Swedish soprano, is seriously ill with heart disease at her country place in Sweden. She is confined to her bed and, in view of her age, her friends fear that she will not recover.

ARCTIC TRIP SUCCESS.

Prof. Steffansson Makes Almost Impossible Trip Up the Mackenzie River.

(BY THE ASSOCIATED PRESS—P.M.) SEATTLE, Sept. 10.—A cable to the Times from Port Gibson, Alaska, says: "Prof. Steffansson of Mikkelson's party hailed the steamer Koyukuk at Fort Yukon on September 3. Steffansson reports that the Mikkelson party made the almost impossible trip from Herschel Island and up the Mackenzie River and down the Porcupine. He reports the party all well and safe."

TO HELP STRIKERS LOSE.

Railway Telegraphers in Montana May Join With Commercial Men in Their Defeat.

(BY DIRECT WIRE TO THE TIMES.) MISSOULA (Mont.) Sept. 10.—[Exclusive Dispatch.] The railway telegraphers of the Rocky Mountain division of the Northern Pacific are in favor of joining the commercial telegraphers in their strike.

The telegraphers at Missoula say they have taken a vote on the question and that a large majority of them favor demanding 10 per cent. increase of wages, and an eight-hour day. It is probable a strike of this section of the craft will be ordered if the commercial telegraphers' strike is not soon adjusted.

A committee from the Order of Railway Trainmen has gone from Missoula to Paul to add the striking telegraphers of the commercial system.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because of its deceptive nature. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

ONLY TWO SOULS AMONG FIVE MEN.

ELLIS ISLAND OFFICIALS BE-
WILDERED BY STRANGE TALK.

Four Hindus, from Panama on their way back to India, declare they comprise only two individuals—Low-caste Companion has no soul at all.

[BY DIRECT WIRE TO THE TIMES.] NEW YORK, Sept. 10.—[Exclusive Dispatch.] Weir yama have often floated into this port on ships from India, but until today, when the ship Panama arrived from there, no such strange human realities have appeared. At this time of "twin soul" and "infinity" talk, the arrival of two couples of high-caste male Cingalese, on their way back to India, caused much perplexity to the immigration officials.

Among the four men, they themselves declared, there were but two whole souls, each individually laying claim to only a half soul for himself. This was something that the ship's officers, the Ellis Island attaches and the reporter who wrote this story could not understand.

On the forward deck of the Panama, as the steamed up the bay, stood the four turbaned and shaven Hindus. Near them stood another, but humbly, as he was a low-caste native. Two of the high-caste quartette kept close to each other, the other pair did likewise. Asked his name by the reporter, one of the first pair replied in excellent English, "Bishen Single." The same query to his comrade brought the reply, "Bishen Single." Refusing to the same query, each man of the second couple said his own name was "Namb." Mystified, the reporter begged explanation. In the name grammatical and precise English, Bishen Single No. One said:

It is so just. Bishen Single is my comrade's name. Bishen Single is my name. We are dual personalities and believe in the unity of the soul.

"Though a million miles separate us, we two are one, each one of our thoughts are the other's also; without each other we are but halves, each needing the other to complete his existence. It is the same with our brothers Namb. They have but a soul and one individuality between the two of them, as with us."

Asked about the lone low-caste Cingalese, Bishen Single shrugged his shoulders.

"Ah!" he said. "He is nothing. He has no soul at all and will not until he other half appears."

The five men are on their way home from Peru, where they went to work in mines, but were turned away by the harsh climate. None of the men have any money and the quota of two souls must do five men's work in working passage for their various half-selves and nobody before the masts of some East Indian merchantman sailing from here.

DREAM IS REALISTIC.

While Asleep, the Father of a Nebraska Boy Sees His Son

[BY DIRECT WIRE TO THE TIMES.] GREELEY (Neb.) Sept. 10.—[Exclusive Dispatch.] It has just come to light that John McGier, of Greeley, father of James McGier, the young man who was found dead at Chapman recently, dreamed the night his son met his death that he was being murdered, and the next morning, with the shadow of the dream still hanging over him, he wired to the authorities at Chapman, inquiring whether his son was dead and received a message a few minutes later telling him of his death, which occurred at the time the father was dreaming he was being murdered. The people in and about Chapman

OLD LOVE REAWAKENED.

Sweethearts of Youth Brought Together as Result of San Francisco Disaster.

[BY THE ASSOCIATED PRESS—A.M.] SOUTH BEND (Ind.) Sept. 10.—[Exclusive Dispatch.] A novel field has been entered by the "Producers and Consumers' International Equity Union and Cooperative Exchange," a concern that filed its articles of incorporation with County Clerk Rotherham this afternoon.

The company has been formed to eliminate the middleman and then abolish the trusts and establish a community of organized producers and consumers under the union label and install socialism.

One of its founders describes it as follows:

"It will protect the interest and rights of organized producers and consumers and cultivate closer relationship between these two indispensable elements—the farmers and producers, and the workers into closer communication with the great cooperative unions of America, England and the continent; secure direct shipments and dispense with the intermediary; cooperate with the American Federation of Labor and subordinate unions and promote the study of questions relating to economic and industrial conditions of the people."

The capital stock of the company is \$1,000,000, and every one is to be let in on the ground floor, shares placed at \$1. The investor can elect to take either preferred—of which there will be \$250,000—or the common—of which there will be \$750,000.

ANTWERP IS AGAIN QUIET.

Foreign Dock Laborers Resume Work Under Protection of Five Hundred Gardemans.

[BY DIRECT WIRE TO THE TIMES.] ANTWERP, Sept. 10.—[Exclusive Dispatch.] This city is again quiet and work has been resumed by the foreign dock laborers under the protection of 500 gardemans. The price of flour has increased 25 cents per 100 kilos (220 pounds) in a week.

The Socialists, it is announced, will propose a law against undesirable immigrants and also regulations fixing the percentage of foreign hands who may be employed in Belgian ports.

PEACH CROP IS SHORT.

High Prices Rule in Chicago and Very Little Choice Fruit Can Be Obtained.

[BY THE ASSOCIATED PRESS—A.M.] CHICAGO, Sept. 10.—A shortage in the September peach crop has affected the price of that fruit in Chicago.

The dealers who anticipated the shortage have even evaded the eastern markets in an effort to meet the demand, but the supply of good fruit is still scarce. The heavy frosts of November last year are responsible, it is said, for the failure of a large part of the Michigan crop, and many orchards in Ohio also were damaged. Prices range from \$1 to \$1.50 higher

NEW SOCIALIST PLAN HATCHED.

COMPANY INCORPORATES WITH HIGH-SOUNDING NAME.

Proposes to Eliminate the Middle Man, Abolish the Trusts, Establish a Community of Organized Producers and Consumers and Affiliates With Federation of Labor.

[BY DIRECT WIRE TO THE TIMES.] JERSEY CITY (N. J.) Sept. 10.—[Exclusive Dispatch.] A novel field has been entered by the "Producers and Consumers' International Equity Union and Cooperative Exchange," a concern that filed its articles of incorporation with County Clerk Rotherham this afternoon.

The company has been formed to eliminate the middleman and then abolish the trusts and establish a community of organized producers and consumers under the union label and install socialism.

One of its founders describes it as follows:

"It will protect the interest and rights of organized producers and consumers and cultivate closer relationship between these two indispensable elements—the farmers and producers, and the workers into closer communication with the great cooperative unions of America, England and the continent; secure direct shipments and dispense with the intermediary; cooperate with the American Federation of Labor and subordinate unions and promote the study of questions relating to economic and industrial conditions of the people."

The capital stock of the company is \$1,000,000, and every one is to be let in on the ground floor, shares placed at \$1. The investor can elect to take either preferred—of which there will be \$250,000—or the common—of which there will be \$750,000.

FOOTBALL POSTPONED.

Occidental Awaits Arrival of Coach Goheen Before Beginning Grid-Iron Practice.

A postponement in the opening of football season at Occidental College has been made necessary on account of the unavoidable detention of Coach Goheen in the East. Just as the Presbyterian Whistle director was about to leave for the West, his mother was stricken with sickness, and he was unable to leave. However, he is now on the way and is expected at Occidental before the end of this week. It was the hope of the students that the opening of school today would be followed by an immediate call for football candidates, but nothing will be done until the arrival of Coach Goheen. President Baer is unable to announce any definite plan for the coaching of the football team, as he wants to be sure that his plan of engaging specialists will be entirely satisfactory to Goheen. The students are elated over the prospect of having Haggerty and Ed Merrill assist Goheen in preparing black and gold teams, and everybody is hopeful of having President Baer's method made effective.

In addition to the experienced football material that is entering Occidental, there are several newcomers who have never played the game that are expected to make good in their first year.

GEORGE ROSE THINKING.

Big Bookmaker May Be Here This Week to Talk Over Several Race Track Schemes.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, Sept. 10.—[Exclusive Dispatch.] Col. A. W. Hamilton of Mount Sterling, Ky., presiding judge of the Ascot Park race track, arrived at the Annex today for a consultation with George Rose, the principal stockholder, in reference to the racing situation in Los Angeles. Just what the outcome of the tangled state of affairs on the track will be, none of the parties interested is prepared to say. It is hoped by some, that Ascot Park will be permitted to run this winter, despite the fact that it has been voted into the corporate limits.

The report that Barney Schriber, George Rose, J. D. "Curley" Brown and "Big Tim" Sullivan of New York would be interested in a racing venture at Venice, a beach resort near Los Angeles, is laughed at. The Baldwin proposition at Arcadia may be entertained, although the impression prevails that it were better to build a new plant on a tract owned by the Ascot Club has an option. This matter will be determined when Rose reaches Los Angeles and the matter is fully informed on the situation.

STATE NORMAL ATHLETICS.

Girls Planning to Play Volleyball, Basketball and Number of Other New Games.

The Normal School gym promises to be the scene of unwonted activity this fall, according to the statement made by Miss Jacobs, the physical director. In addition to the regular basketball team and the tennis teams, there is much interest manifested in the newer games of volleyball, centerball and indoor baseball.

These games especially are popular as they furnish sport for a greater number of girls at one time, and positions can be found for those who are fond of sport, but, owing to the lack of necessary strength and endurance, cannot take part in the more strenuous game of basketball. This is especially true of centerball, which, together with volleyball, is greatly in demand as the cooler weather approaches.

ANOTHER CHALLENGER.

Earl of Caledon May Act Through the Royal Ulster Club for America's Cup.

[BY DIRECT WIRE TO THE TIMES.]

BELFAST (Ireland) Sept. 10.—[Exclusive Dispatch.] A challenge for the America's cup from an altogether unexpected source may be forthcoming within a few weeks. It is stated here on excellent authority that the Earl of Caledon is ambitious to capture the cup, and is seriously considering a challenge. The Earl thinks Sir St. Lipton is altogether too slow in making up his mind.

At present the Earl is making a visit to the continent with Commodore Crawford of the Royal Ulster Club. If he challenges, it will be through this club. He is expected to announce his intention definitely on his return to London.

BURNS RETURNS HOME.

Jimmy Burns returned, late yesterday, from his trip to San Francisco, where he saw the Glenshire fight, and he looks to be in the best of health. He thinks Gans is a wonderful fighter but has not lost any of his confidence about his coming fight with the negro and will start in his training at once at Long Beach, according to report. He has a trifle over two weeks in which to get ready and declares he will be there with bells on at the start of the scrap.

Manager McCarty has not selected any boys for a preliminary but will try to get Kid Webster and "Bub" Robinson. Webster says he will take on the colored fellow again if he will give him 125 pounds and "Bub" says he knows he can make 125 pounds and will bet Webster \$300 on the side if they can agree on a weight. Tommy Burns is "acting" in Detroit on Sunday and will return to the Coast in a few days or will start the latter part of the week.

Sheephead Bay Results.

NEW YORK, Sept. 10.—Racing results: Six furlongs: Royal Bitch won; time 1:23 3-5. First Premium third; time 1:23 3-5. Mile: Royal Lady won, Druid second; time 1:40. Autumn Handicap, six furlongs: Royal Tourist won; Half Sovereign second; Johnnie Blahall third; time 1:11. Handicap, mile and a half: Amped won; Temaco second; time 2:32 3-5. One and a half mile: Mark Antony II won; Tony Romero second; Smiling Tom third; time 1:44 1-2. Seven furlongs: Running Account won; Master Robert second; Amundsen third; time 1:25.

Maher's Great Success.

DONCASTER (Eng.) Sept. 10.—Danny Maher, the American jockey, scored a remarkable victory at the opening of the September race meeting here today. Out of seven starts he won three events in succession. He was second in two others, and once finished third.

GRAFT PROSECUTION.

FORD'S TRIAL IS ON TOMORROW.

WILL BE ARRAIGNED ON CHARGE OF BRIBING LONERGAN.

Other United Railway Cases Will Rest Till State Shall Have Made Its Attempt to Convict General Counsel of the Company—Judge Lawlor Returns from Outing.

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, Sept. 10.—[Exclusive Dispatch.] The next of the trials resulting from the indictments found by the grand jury in the graft prosecutions will be that of Tracy L. Ford, general counsel for the United Railroads, who is charged with having bribed former Supervisor Thomas Loneragan for the purpose of securing an overhead franchise for his company.

The trials of Pacific Cudahy, Thornwell Mullally, W. M. Abbott and Ford, all indicted for the same offenses in the same connection, were set for next Thursday, September 12, by Judge Lawlor, in whose court the trolley cases will be heard.

It is intimated by the prosecution, however, that Ford was actually to go to trial, and the trials of the others are to be continued until after Ford's case is ended. Attorney Earl Rogers, for the defense, made an effort last week to have Calhoun tried first.

Judge Lawlor, who has been on an outing with the Family Club at Shasta Springs, returned to the city tonight.

The investigation of the grand jury, interrupted by the holidays, will be resumed this week, when it is expected a report will be made to Presiding Judge Coffey on the progress of the work.

WEARY WILLIES.

HOBBO APOSTLE VISITS GOTHAM.

EXTENDS BROTHERHOOD OF WELFARE ORGANIZATION.

Grandson of James B. Eads, Famous Bridge Builder, Who Founded Tramps' Order With Part of His Million-Dollar Fortune in New York.

[BY DIRECT WIRE TO THE TIMES.]

ST. LOUIS, Sept. 10.—[Exclusive Dispatch.] James Eads How, apostle of the hobbo, who deposed his St. Louis benefactor from office in the Brotherhood of Welfare (tramps) Association, which he founded and financed with a part of the million-dollar fortune he refused to touch for his own use, is in New York starting a similar organization.

How's New York headquarters are at the Mills Hotel, on dingy, rattling Bleeker street, where beds are 10, 20 and 30 cents a night. How left St. Louis after a factious and bitter feud with the local Brotherhood of Welfare organization, headed by Gen. Lewis Cass, leader of the Pacific Coast division of Coxey's Army, who died three weeks ago, voted to oust him from the office of treasurer and director.

"I believe in action and reaction," says How, in an interview. "These men of great riches had but one idea—get rich—no matter who suffered. I believe that the reaction will come in the course of a day, say young Stokes and Rockefeller, and a lot of those fellows feel the injustice of it all and will give it back to the people some time or other."

How, who is the son of the late James F. How, vice-president and general manager of the Wabash Railroad, and grandson of James B. Eads, the famous bridge builder, was educated in Oxford University, England.

A few visits to the London slums convinced him that the poor of his own country needed him, and he cut his university course short, and returned to St. Louis. He gives his money away and lives like a hobbo.

UNDELIVERED TELEGRAMS.

There are undelivered telegrams at the office of the Postal Telegraph Company for James S. Beaton, W. E. Cline, James F. Dolan, J. L. Fritz, Jerry Kelly, Dr. Morro, Mrs. C. H. Reese, G. C. Schenck, William R. Stevenson and Jacob Woolner.

The following undelivered messages are at the Western Union office: W. E. Cobb, H. T. Green, E. S. Ballinger, Dr. C. H. Woods, H. P. Vanderve, T. R. Martin, Frank H. O. Herford, M. F. Hurley, Herman Base, R. Chair, S. Ashroff, Wesley Crowell, John Bain, M. L. Smith, G. H. Spencer, Harry O'Sted, Walter M. Ford, Homer Harrington, L. R. Ball, R. L. D. Rich, P. Vanderve, Mrs. Minna E. Eds, Milo McManis, Mrs. William Prickel, Eugene E. Davis, J. J. Quinn, R. D. Magee, and Mrs. Eickenberg and George H. Carr.

KNOCKED FROM SWEEPER.

Thomas Harris was hurled from a street sweeper, last night, when an electric car collided with it at Thirty-eighth street and Central avenue. He struck on his head and was rendered unconscious. He was taken to his home at Santa Fe avenue and Merrill street.

One woman was killed and four other persons seriously injured in Allegheny, Pa., early yesterday, when a large automobile bearing the party to the city, skidded along the street in making a turn, and striking the street curbside, threw the occupants against several telegraph poles. One of the victims was Miss Helen Williams of Allegheny, who died soon afterward.

"Alexandre," the Famous Gloves

That fit snugly and comfortably, without a wrinkle, at Bullock's.

Bullock's

Broadway at Seventh

EITHER PHONE EXCHANGE 1500

SECOND FLOOR

We Want Men

Who have been accustomed to having their suits made to order to visit the third floor and see the new fall clothing.

That is the character we give it, the faith we have in the betterness and difference of Bullock's styles from most ready-to-wear clothing.

Made by the world's foremost trade tailors, by particular men, for particular men.

Suits with snap and style and individuality; new patterns, shades, models. Plenty of all favorite "novels."

Suits that will fit and stay fit.

And we want every man to come to the third floor and let us show them to him.

Particularly men who have been accustomed to made-to-order clothing. The contrast will be strongly in favor of Bullock's suits; in fit and style and material. Certainly the saving will be marked.

Boys' Suits for School \$3.00

Excellent colors and patterns. In addition to the regular school suits, we have a special line of suits for boys, made to order, in fit and style. Buy the boy his school suit today, third floor, \$3.00.

Boys' 50c Shirts 25c

With two separate collars; washable; more and patterns; soft gold style; sizes 12 to 14.

Boys' Knee Pants at 25c

Sturdy work and tweeds; good colors and patterns; patent waist band; sizes 4 to 16. 50c sweaters at 25c; sizes 8 1/2 to 1.

Children's Hair-cutting

An important specialty in the barber shop, third floor.

College Pennants

Just received a splendid line of college pennants for Los Angeles and California schools. We also have a complete line for all large eastern colleges. Third floor.

Shoes--New Fashions

Extreme styles that are extremely nobby, comfortable, reasonably priced, for the forte of these Bullock shoe stores is to have the best of the good shoes first—exclusive ideas, and then to mark them at a new low price level. More women are discovering the advantages of buying shoes at Bullock's every day.

Black and colored cloth tops are popular; \$3.50 to \$5.00. Smart new ties at \$2.50 and \$3.00—not to be equalled in style or quality.

MEN'S SHOES—A wonderful \$3.00 line is wonderfully attractive.

NEARLY 1,000 PAIRS WOMEN'S STREET BOOTS MANY \$5.00 VALUES \$2.15

Patent kid and colt; gunmetal and fine glaze stocks; new toes and lasts. For economy interest today, \$2.15.

100 PAIRS WOMEN'S \$2.50 OXFORDS GO AT \$1.15

All leathers; Gibson and ribbon ties; plenty of sizes. Section F.

TO FIT CHILDREN'S FEET PERFECTLY.

With the best shoes that are made, is our pride. The children's exclusive shoe store, fourth floor, was established to provide for a great variety of accommodations for right service; comfort while buying; all sizes; all widths; all kinds of good shoes for boys and girls. No one attempts to show equal variety and value as these shoes become worn so that the baby scratched his face. At last, one of our friends recommended to us Cuticura Soap and Cuticura Ointment. A few days afterwards improvement could be noted. Since then we have used nothing but Cuticura Soap and Cuticura Ointment, and now the baby is six months old and is quite cured. All that we used was one cake of Cuticura Soap and two boxes Cuticura Ointment, costing in all \$1.25. Even the poorest man can pay that instead of throwing it into the doctor's lap. I myself only made twelve dollars a week as a teamster, but I recommend the Cuticura Remedies strongly to all mothers whose children suffer from such diseases. They are cheap, harmless and good. C. F. Kara and Wife, 343 East 66th Street, New York, March 30, 1904.

Mai-Richi Shimbun

LOS ANGELES JAPANESE DAILY NEWS

Largest Japanese Daily Newspaper

Published in the United States

Devoted to the interests of Americans in Japan and Japanese in America.

Covers a field of 17,000 adult Japanese who spend between \$4,000,000 and \$5,000,000 yearly in Southern California.

Practically the only medium of reaching the Japanese ranchers, business men and wage-earners.

Letter From American Advertiser

ORIENT NEWS CO.

We have sold out our entire tract of farm lands through your newspaper and secured better results at less expense than advertising we ever did.

We found the Japanese easy to deal with, willing to pay good prices and we believe they show great appreciation for those who advertise in the Mai-Richi Shimbun.

CENTRAL CALIFORNIA LAND CO.

The rates are very low and the Orient News Co. respectfully solicits the patronage of American firms.

LITTLE BABY CURED OF ECZEMA

Parents Applied to Hospitals and Doctors but Could Get No Relief—Grew Worse Under Doctor's Prescription—Friends Recommended Cuticura—Result

A SPEEDY AND PERMANENT CURE

"We express to you here with our best thanks for the cure of our baby from eczema. The eczema appeared when the child was three months old. We applied to several doctors and hospitals, each of which gave us something different every time, but nothing brought relief. A physician recommended a salve which we threw into the fire after two days' use as the eczema became worse so that the baby scratched his face. At last, one of our friends recommended to us Cuticura Soap and Cuticura Ointment. A few days afterwards improvement could be noted. Since then we have used nothing but Cuticura Soap and Cuticura Ointment, and now the baby is six months old and is quite cured. All that we used was one cake of Cuticura Soap and two boxes Cuticura Ointment, costing in all \$1.25. Even the poorest man can pay that instead of throwing it into the doctor's lap. I myself only made twelve dollars a week as a teamster, but I recommend the Cuticura Remedies strongly to all mothers whose children suffer from such diseases. They are cheap, harmless and good. C. F. Kara and Wife, 343 East 66th Street, New York, March 30, 1904."

Diarrhoea

When you want a quick cure without any loss of time, and one that is followed by no bad results, use

Chamberlain's Colic, Cholera and Diarrhoea Remedy

It never fails and is pleasant to take. It is equally valuable for children. It is famous for its cures over a large part of the civilized world.

Blood and Skin Diseases a Specialty.

Rupture, Piles, Varicose and Stricture cured without cutting.

8490-18500-18510-18520-18530-18540-18550-18560-18570-18580-18590-18600-18610-18620-18630-18640-18650-18660-18670-18680-18690-18700-18710-18720-18730-18740-18750-18760-18770-18780-18790-18800-18810-18820-18830-18840-18850-18860-18870-18880-18890-18900-18910-18920-18930-18940-18950-18960-18970-18980-18990-19000-19010-19020-19030-19040-19050-19060-19070-19080-19090-

THE CITY IN BRIEF

NEWS AND BUSINESS.

Goes to Honolulu.

G. H. Tuttle has resigned his position as an immigration officer and will go to Honolulu, where he will be connected with a planter's experimental station.

Woodill Arrested.

L. Woodill, brother of Police Commissioner Woodill, was arrested yesterday on a charge of violating the speed ordinance but no complaint has been filed against him.

Oldest Agent in West.

Zane Stubbs, who is visiting at the home of D. M. Adams, No. 1315 Constance street, in the oldest Wells-Fargo Company agent in the West, having been employed in that capacity at Visalia for fifty-nine years. He is seeing this city for the first time in fifty-one years.

Gold Star for Cohn.

Constance Ben Cohn was the recipient of a handsome gold star yesterday, a gift from his friends. The presentation was made in Justice Summerfield's court, the justice himself doing the honors. Cohn attempted to express his pleasure but his tongue got tangled up so he finished his speech with "well, boys, join me."

Sanatorium Planned.

J. C. Dwyer has purchased thirteen acres in the foothills near Casa Verdugo from Mrs. Lucretia Hollway. A tuberculosis sanatorium is discussed in connection with the property and the promoters claim that they will spend \$250,000 in buildings and equipment. Hollway has been chosen as the name of the resort, which will be just beyond Glendale.

Hawaiian Girls Coming.

On Saturday a group of nine native young women of Honolulu will arrive in this city, under the guidance of Edythe Tozier Weathered, on a tour of the Pacific States and equipment. The college graduates and come from the best families; are fine musicians and singers, traveling under the auspices of the Honolulu Bulletin, and all the towns on the Coast are extending to them special courtesies. It is likely that they will be tendered a public reception by some commercial body of Los Angeles, for their own sake as well as for the evidence of hospitality it will impress upon our new possessions.

Cocaine's Opening Today.

The 1927-1928 school year of Occidental College and Academy will be opened today at 10 o'clock with special exercises in the hall of letters. The friends of the Presbyterian institution are invited to attend. President Baer and Dr. Hugh K. Walker, president of the board of trustees, will make addresses. The students will be welcomed by Prof. W. S. Stevenson on behalf of the faculty, and Dean Ward will introduce the new faculty members to the students and their friends. Nearly sixty students have already registered for the freshman class. A larger number of young men have matriculated than young women.

Wholesale Man Smuggling.

Japanese Gang Operating in Conjunction With Band in Mexico—In-Criminating Letter Found.

Los Angeles has a well-organized gang of Japanese man smugglers, who are carrying on a wholesale business. This fact came to light yesterday when a policeman picked up a letter on East First street which had been written by a Japanese merchant.

The letter, when translated, stated that the writer had been unable to forward certain amounts of money to his family in Japan because all his funds were needed for the smuggling business.

The letter will be turned over to the Federal authorities, who may find it useful in pursuing investigations.

How many times the smugglers have succeeded in bringing into the country can only be guessed. The Japanese are not required to have a certificate, and all they have to do is to cross the border unobserved.

According to the statement of officers, the smugglers have contracts to get men into the country and a retaining fee is always required. The balance is paid when the men reach Los Angeles.

The work of this smuggling bureau is said to have increased greatly in the last few months, because so many Japanese coolies in Mexico are out of work. Reports from Mexico state that colonies of Russians are being imported to take the place of Japanese laborers.

Kicked by Horse.

William McGreal, a teamster, was seriously injured last night, while unhitching a vicious horse at the Signal Transfer Company's barn at No. 460 Central avenue. The animal, kicked McGreal in the chest, rendering him unconscious. He was removed to the Receiving Hospital and the surgeons say he will recover.

DOG STEALING CHARGED.

J. Miyaki of Pasadena was arrested last night at Alameda and Aliso streets on the charge of stealing a dog belonging to J. Catalina. He claims that the dog followed him without his knowledge, and that he did not attempt to steal it.

JAP'S COAT TAKEN.

While a Japanese was asleep in a lodging-house at First and Alameda streets, last night, John Gates, an employee of the house, stole the Jap's coat. It is alleged. The Japanese had Gates arrested.

BREVITIES.

Ladies—You never have to pay more than \$2 for the best shoes made, and the men need never pay over \$2.50. I sell \$2.50 to \$4 sample shoes at these prices. I can fit all feet. I am located on the second floor of 414 1/2 Broadway. Visit my store and be convinced. Sample Shoe Man Stark.

Frey has moved his stock of mantels, grates, tiles and andirons to his warehouse, corner Los Angeles and Twelfth streets, where can be seen the largest assortment of blue and brass fireplace trimmings to be found in the United States.

There are several good brands of marmalades and jams, but only one Best—the Phoenix, "made in the foothills of Southern California."

Pure fruit and pure cane sugar are alone used in the Phoenix brand of jams and marmalades. Ask your grocer for them.

of pure white cotton, covered with cheese cloth; hand washed; 60x72-inch; worth \$1.25. Today 85c.

BOUND TO KEEP CITY "AMERICA'S FREEST."

M. and M. Association to Raise Peace Fund of Hundred Thousand.

Los Angeles Business Men Accept Challenge of Boss Hay and Prepare to Maintain Industrial Freedom in Community That Typographical Union Declared the "Scab City of America"—Great Work Done by This Body of Men for Industrial Peace.

As an answer to the challenge of the International Typographical Union, which has asked the National Federation of Labor to raise by assessment a fund of \$10,000 a month for unionizing Los Angeles, the Merchants' and Manufacturers' Association of this city has voted to collect a peace fund of \$100,000 to aid in preserving the industrial freedom of the city.

The M. and M. Association has been most active and successful in this cause. Its defeat of the teamsters' strike was the last triumph of many over the hosts of strife and ruin. It deserves the hearty backing of every property-holder in Los Angeles—for the property-holders have more interest than anybody else in making sure that San Francisco conditions are not foisted on this city by the National Federation of Labor and its walking delegates.

This body of men (the M. and M. Association) is composed of leaders in mercantile and industrial lines in Los Angeles, headed by President J. M. Schneider. These gentlemen recognize that the most valuable asset of Los Angeles, the one thing most effectively making for her progress, is her reputation as "the freest city of America."

They know that this splendid fame adds to the value of every piece of real estate in Los Angeles; that it brings millions of capital and thousands of independent workmen into the city.

They are sanguine of the cooperation of every man or woman who has a stake in the country, in their movement for a peace fund.

Los Angeles enjoys the unique distinction of being the only "free city" of considerable size and importance in the country—free from the tyranny and paralyzing domination of the walking delegates and the boycotts. In Los Angeles the independent American wage-earner is free to work when, where and for whom he pleases, to make his own contract for employment and to settle in his own way any difference that he may have with his employer. The owner of a shop, manufacturing plant or other business enterprise is free to manage his own affairs, to hire labor and to make contracts with workmen under the law, without dictation or interference from persons having no interest in his business and not in his employ.

The freedom of Los Angeles was acknowledged frankly and explained sorrowfully at the last convention of the Typographical Union by Arthur A. Hay, one of the men delegated and paid to conduct a campaign for the subjugation of the city to the rule of perverted labor organizations.

Hay reviewed the history of what he correctly termed the "guerrilla warfare" waged for seventeen years against industrial freedom by the tribes of the Totem, and said: "Notwithstanding these efforts Los Angeles is in a deplorable state, with the exception of the Typographical Union nearly every labor organization, slowly but surely, is being disrupted."

DEMORALIZED UNIONS.

Hay was not entirely candid in that statement of the case, the facts being that the Typographical Union is the most thoroughly discredited and beaten organization of boycotters in Los Angeles, and that the only unions disrupted and in process of disintegration are those which have departed from the legitimate purposes and policies of labor organization—the protection of workmen from oppression, by greedy employers and the settlement of disputes by rational negotiation—and attempted to enforce unreasonable demands by boycotting, intimidation and arrogant usurpation of the right of an owner to manage his business.

The disrupting forces at work upon labor organizations are internal. Labor also is free in Los Angeles, free to organize and to pursue any policy for its own protection and betterment that does not conflict with the legal and rational rights of others. The right of workmen to combine is not denied, but the right of the workman to exercise his individual free choice in the matter of joining a union or seeking employment on his own terms is maintained.

TRUTH CONFESSED.

The truth concerning the battle for freedom and the outcome of the Typographical Union guerrilla warfare is contained in an extract from the report of J. M. Schneider, president of the Merchants' and Manufacturers' Association, quoted by Hay in his speech to the convention and admitted by him to be correct, although it contradicts his assertion that the Typographical Union is an exception to the general process of disruption. Prefacing his quotation, Hay said:

"The business interests of Los Angeles stand solid as a stone wall against all attempts to unionize that city. No better proof of this assertion is needed than this extract from the report of J. M. Schneider, president of the Merchants' and Manufacturers' Association. It states the case so plainly that I will take the liberty of again presenting it to you:

FREEDOM'S VICTORY.

One of the main objects of this association is to promote and maintain industrial peace in this community, and during the past year we have championed the principles of the open shop in every change of our industrial and mercantile life, and demanded that the rights of employers in the management of their business be not interfered with. The past year has proven one of special activity along these lines. January 1, 1906, DESPERATE BOYCOTTERS.

Hay's purpose, in reciting the history of the guerrilla campaign against industrial freedom and depicting the "deplorable" emancipation of Los Angeles from the rule of the boycotters, was to induce the American Federation of Labor to tax all its members in the United States for the creation of a fund with which to fight the "open shop" in this city—and incidentally to keep Hay and his confederate walking delegates in luxurious idleness. Hay presented and the convention adopted resolutions declaring the struggle in Los Angeles to be "national in its scope" and urging the American Federation of Labor to impose a per capita tax of one cent a month on all its members, the money

PROMOTING PEACE FUND.

KNIFE TO THE HILT INTO ROTTENNESS.

District Attorney and Grand Jury Probing Beach Scandals.

Honesty of Police and "Men Higher Up" in Ocean Park and Venice Involved in Investigation Begun Yesterday, and Eminent Respectable Citizens Are Squirming in Their Boots—Bill of Accusations Includes Ugly Things.

Dist. Atty. Fredericks stuck a knife into the rotten political and municipal scandals of Ocean Park and Venice

gambiers recently raided by the District Attorney's office.

Only one of the gambiers is still here. The others have gone to Goldfield. The roulette dealer remains in town.

The following named Venice police officers gave testimony: Louis Herzog, former City Marshal; C. C. Cannon and Murray Bowers, who were members of the city police force until about one year ago; Fred Rico and Walter Mills, who were patrolmen under Charles Foster, and George H. Nettleton, who, until a little over a week ago, was serving as deputy constable of the Ballona township, but who resigned to avoid being discharged. The official heads of all the others were lopped off. Officer Rico said that he had everything in shape to gather the Windward-avenue gambiers in at least three weeks ago and one week before they were disturbed; but was told by "one high in authority" that he would better let the gamblers alone. A few days afterward his services were found to be unnecessary.

The night after the arrest of the Arizona gamblers who were running a wide-open joint filled with "spiked" and crooked apparatus, one of the crooks made a confession. He told one of the arresting officers that the beach authorities had broken faith with his gang. He claimed that he had a written contract by the terms of which he was to be allowed to run his game undisturbed. This is the man reported to be still in the city.

The manner in which the game was run makes it almost a matter of positive certainty that the police "stood in."

WHICH AND WHO?

It is not a question of "Were they fixed?" but "Which ones were guilty, and who were the men higher up?"

The game was carried on with a tell-tale disregard for secrecy. So confident were the gamblers in their guaranteed contract of immunity that they scarcely concealed the game.

They had a buzzer arranged to warn of the actual approach of any outsider, but it was merely a clumsy and careless precaution. You could hear the click of chips all over the beach.

Everything went to show that they felt secure in their crooked work. Their cards were all marked, and were so raw that any one could see the markings half way across the room. In towns where the police are feared the roulette tables are fitted with rubber balls and the play is carried on with rubber, and consequently noiseless, chips. These games raided at Venice were as noisy as could be.

The police stood at the front door and chatted with the crooks as they came and went.

The only thing that could have told the story any plainer would have been a large placard in red letters: "We have the police fixed."

It is foolish to suppose, however, that this immunity was contracted for in writing, as the gamblers claim, by mere street-corner policemen. An officer on the beat would not have dared to disregard a game that had its boosters openly around the cigar stands roping in suckers. There is every indication that the cops had their orders from some "man higher up."

There is going to be a fine old scouring.

OPPOSING POLICE FORCES.

Several of the patrolmen formerly employed by the city seem now to be in the service of the Kinney company.

In a statement to a Times reporter one of the Kinney men stated that the two police forces have been for a long time working against each other. Kinney force of watchmen trying to undo the work of the police, and the police trying to block every move of the watchmen.

This officer states that on both sides the stars of the officers have been used to strange ends.

He admits that officers of both sides knew of wholesale election frauds during the last election along the beach.

The grand jury will make a special investigation of the remarkable influx of voters to the beach side about the time of this election.

Every one knows that the beach was "colonized" on the wholesale plan the day after election week, a remarkable rush outward by great numbers of "phony" voters.

This bad-smelling fraud had the "twink" of some one high up in the political life of the beach.

"BLIND PIGS," TOO.

There is another family skeleton—blind pigs—the beach is thick with them.

Illegal selling of liquor is of such common occurrence that no one took the trouble to prosecute the Arizona gamblers for this feature of their "Venice Club." As a matter of fact the "club" was found to be equipped with an elaborate and expensive bar.

Liquor has been sold to minors, sold to young girls found dining with well-known rascals.

The pathetic story of the Busted twins, who were doped with liquor at the ship hotel and ruined at the St. Mark's Hotel, is not too old to be made a subject of this crooked investigation.

The plain fact is that certain parts of these pretty beach towns have been made into miniature Sodoms by the greed and dishonesty of certain officials. They have been so wide open there wasn't any cover at all.

REAL HOUSE-KEEPING.

They have been spoiled to a large extent, for decent people. And they are now to get a house-cleaning that will wear holes in the tinware. Capt. Fredericks will certainly play no favorites and spare nobody.

This terrible condition of affairs at the two beaches has been largely made possible by a curious feud between two millionaires. Neither of them are involved in the existence of the rotten corruption.

The bitter rivalry between Abbot Kinney and G. M. Jones, the Ocean Park magnate, has been the cause of a stoppage in the municipal circulation. Jealousy has been carried to such length that almost anything has been made possible.

Closely involved in this scandal is the furious fight for disincorporation now waged, the real object of the proposed disincorporation being to get rid of certain officials displacing one of the parties.

Los Angeles Business Men Accept Challenge of Boss Hay and Prepare to Maintain Industrial Freedom in Community That Typographical Union Declared the "Scab City of America"—Great Work Done by This Body of Men for Industrial Peace.

As an answer to the challenge of the International Typographical Union, which has asked the National Federation of Labor to raise by assessment a fund of \$10,000 a month for unionizing Los Angeles, the Merchants' and Manufacturers' Association of this city has voted to collect a peace fund of \$100,000 to aid in preserving the industrial freedom of the city.

The M. and M. Association has been most active and successful in this cause. Its defeat of the teamsters' strike was the last triumph of many over the hosts of strife and ruin. It deserves the hearty backing of every property-holder in Los Angeles—for the property-holders have more interest than anybody else in making sure that San Francisco conditions are not foisted on this city by the National Federation of Labor and its walking delegates.

This body of men (the M. and M. Association) is composed of leaders in mercantile and industrial lines in Los Angeles, headed by President J. M. Schneider. These gentlemen recognize that the most valuable asset of Los Angeles, the one thing most effectively making for her progress, is her reputation as "the freest city of America."

They know that this splendid fame adds to the value of every piece of real estate in Los Angeles; that it brings millions of capital and thousands of independent workmen into the city.

They are sanguine of the cooperation of every man or woman who has a stake in the country, in their movement for a peace fund.

Los Angeles enjoys the unique distinction of being the only "free city" of considerable size and importance in the country—free from the tyranny and paralyzing domination of the walking delegates and the boycotts. In Los Angeles the independent American wage-earner is free to work when, where and for whom he pleases, to make his own contract for employment and to settle in his own way any difference that he may have with his employer. The owner of a shop, manufacturing plant or other business enterprise is free to manage his own affairs, to hire labor and to make contracts with workmen under the law, without dictation or interference from persons having no interest in his business and not in his employ.

The freedom of Los Angeles was acknowledged frankly and explained sorrowfully at the last convention of the Typographical Union by Arthur A. Hay, one of the men delegated and paid to conduct a campaign for the subjugation of the city to the rule of perverted labor organizations.

Hay reviewed the history of what he correctly termed the "guerrilla warfare" waged for seventeen years against industrial freedom by the tribes of the Totem, and said: "Notwithstanding these efforts Los Angeles is in a deplorable state, with the exception of the Typographical Union nearly every labor organization, slowly but surely, is being disrupted."

DEMORALIZED UNIONS.

Hay was not entirely candid in that statement of the case, the facts being that the Typographical Union is the most thoroughly discredited and beaten organization of boycotters in Los Angeles, and that the only unions disrupted and in process of disintegration are those which have departed from the legitimate purposes and policies of labor organization—the protection of workmen from oppression, by greedy employers and the settlement of disputes by rational negotiation—and attempted to enforce unreasonable demands by boycotting, intimidation and arrogant usurpation of the right of an owner to manage his business.

The disrupting forces at work upon labor organizations are internal. Labor also is free in Los Angeles, free to organize and to pursue any policy for its own protection and betterment that does not conflict with the legal and rational rights of others. The right of workmen to combine is not denied, but the right of the workman to exercise his individual free choice in the matter of joining a union or seeking employment on his own terms is maintained.

TRUTH CONFESSED.

The truth concerning the battle for freedom and the outcome of the Typographical Union guerrilla warfare is contained in an extract from the report of J. M. Schneider, president of the Merchants' and Manufacturers' Association, quoted by Hay in his speech to the convention and admitted by him to be correct, although it contradicts his assertion that the Typographical Union is an exception to the general process of disruption. Prefacing his quotation, Hay said:

"The business interests of Los Angeles stand solid as a stone wall against all attempts to unionize that city. No better proof of this assertion is needed than this extract from the report of J. M. Schneider, president of the Merchants' and Manufacturers' Association. It states the case so plainly that I will take the liberty of again presenting it to you:

FREEDOM'S VICTORY.

One of the main objects of this association is to promote and maintain industrial peace in this community, and during the past year we have championed the principles of the open shop in every change of our industrial and mercantile life, and demanded that the rights of employers in the management of their business be not interfered with. The past year has proven one of special activity along these lines. January 1, 1906, DESPERATE BOYCOTTERS.

Hay's purpose, in reciting the history of the guerrilla campaign against industrial freedom and depicting the "deplorable" emancipation of Los Angeles from the rule of the boycotters, was to induce the American Federation of Labor to tax all its members in the United States for the creation of a fund with which to fight the "open shop" in this city—and incidentally to keep Hay and his confederate walking delegates in luxurious idleness. Hay presented and the convention adopted resolutions declaring the struggle in Los Angeles to be "national in its scope" and urging the American Federation of Labor to impose a per capita tax of one cent a month on all its members, the money

KNIFE TO THE HILT INTO ROTTENNESS.

District Attorney and Grand Jury Probing Beach Scandals.

Honesty of Police and "Men Higher Up" in Ocean Park and Venice Involved in Investigation Begun Yesterday, and Eminent Respectable Citizens Are Squirming in Their Boots—Bill of Accusations Includes Ugly Things.

Dist. Atty. Fredericks stuck a knife into the rotten political and municipal scandals of Ocean Park and Venice

gambiers recently raided by the District Attorney's office.

Only one of the gambiers is still here. The others have gone to Goldfield. The roulette dealer remains in town.

The following named Venice police officers gave testimony: Louis Herzog, former City Marshal; C. C. Cannon and Murray Bowers, who were members of the city police force until about one year ago; Fred Rico and Walter Mills, who were patrolmen under Charles Foster, and George H. Nettleton, who, until a little over a week ago, was serving as deputy constable of the Ballona township, but who resigned to avoid being discharged. The official heads of all the others were lopped off. Officer Rico said that he had everything in shape to gather the Windward-avenue gambiers in at least three weeks ago and one week before they were disturbed; but was told by "one high in authority" that he would better let the gamblers alone. A few days afterward his services were found to be unnecessary.

The night after the arrest of the Arizona gamblers who were running a wide-open joint filled with "spiked" and crooked apparatus, one of the crooks made a confession. He told one of the arresting officers that the beach authorities had broken faith with his gang. He claimed that he had a written contract by the terms of which he was to be allowed to run his game undisturbed. This is the man reported to be still in the city.

The manner in which the game was run makes it almost a matter of positive certainty that the police "stood in."

WHICH AND WHO?

It is not a question of "Were they fixed?" but "Which ones were guilty, and who were the men higher up?"

The game was carried on with a tell-tale disregard for secrecy. So confident were the gamblers in their guaranteed contract of immunity that they scarcely concealed the game.

They had a buzzer arranged to warn of the actual approach of any outsider, but it was merely a clumsy and careless precaution. You could hear the click of chips all over the beach.

Everything went to show that they felt secure in their crooked work. Their cards were all marked, and were so raw that any one could see the markings half way across the room. In towns where the police are feared the roulette tables are fitted with rubber balls and the play is carried on with rubber, and consequently noiseless, chips. These games raided at Venice were as noisy as could be.

The police stood at the front door and chatted with the crooks as they came and went.

The only thing that could have told the story any plainer would have been a large placard in red letters: "We have the police fixed."

It is foolish to suppose, however, that this immunity was contracted for in writing, as the gamblers claim, by mere street-corner policemen. An officer on the beat would not have dared to disregard a game that had its boosters openly around the cigar stands roping in suckers. There is every indication that the cops had their orders from some "man higher up."

There is going to be a fine old scouring.

OPPOSING POLICE FORCES.

Several of the patrolmen formerly employed by the city seem now to be in the service of the Kinney company.

In a statement to a Times reporter one of the Kinney men stated that the two police forces have been for a long time working against each other. Kinney force of watchmen trying to undo the work of the police, and the police trying to block every move of the watchmen.

This officer states that on both sides the stars of the officers have been used to strange ends.

He admits that officers of both sides knew of wholesale election frauds during the last election along the beach.

The grand jury will make a special investigation of the remarkable influx of voters to the beach side about the time of this election.

Every one knows that the beach was "colonized" on the wholesale plan the day after election week, a remarkable rush outward by great numbers of "phony" voters.

This bad-smelling fraud had the "twink" of some one high up in the political life of the beach.

"BLIND PIGS," TOO.

There is another family skeleton—blind pigs—the beach is thick with them.

Illegal selling of liquor is of such common occurrence that no one took the trouble to prosecute the Arizona gamblers for this feature of their "Venice Club." As a matter of fact the "club" was found to be equipped with an elaborate and expensive bar.

Liquor has been sold to minors, sold to young girls found dining with well-known rascals.

The pathetic story of the Busted twins, who were doped with liquor at the ship hotel and ruined at the St. Mark's Hotel, is not too old to be made a subject of this crooked investigation.

The plain fact is that certain parts of these pretty beach towns have been made into miniature Sodoms by the greed and dishonesty of certain officials. They have been so wide open there wasn't any cover at all.

REAL HOUSE-KEEPING.

They have been spoiled to a large extent, for decent people. And they are now to get a house-cleaning that will wear holes in the tinware. Capt. Fredericks will certainly play no favorites and spare nobody.

This terrible condition of affairs at the two beaches has been largely made possible by a curious feud between two millionaires. Neither of them are involved in the existence of the rotten corruption.

The bitter rivalry between Abbot Kinney and G. M. Jones, the Ocean Park magnate, has been the cause of a stoppage in the municipal circulation. Jealousy has been carried to such length that almost anything has been made possible.

Closely involved in this scandal is the furious fight for disincorporation now waged, the real object of the proposed disincorporation being to get rid of certain officials displacing one of the parties.

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

City Attorney Hewitt has prepared the draft of a new license ordinance including forty lines of business not before taxed, and increasing the city's license revenue more than \$100,000 a year.

More than \$110,000 is cut from department estimates in the annual budget adopted by the Council yesterday.

October 10 has been selected as the probable date for the special election called to ratify the issue of \$300,000 in fire bonds.

The Council rejected all bids for city advertising yesterday and voted to re-advertise under specifications taking into consideration the circulation of the journals making bids.

Preparations were made yesterday to resume criminal trials in the Superior Court, and a jury panel was drawn.

J. Whyte Evans, supposed millionaire, was named as defendant in a complaint filed yesterday in the Superior Court to collect money alleged to be due newspapers for advertising.

Warrants were sworn out in the Police Court yesterday against keepers of restaurants, after an investigation by health officers.

Attorneys representing the ice companies filed bids in the Police Court yesterday attacking the constitutionality of the Cartwright law.

AT THE CITY HALL.

NEW LICENSE FOR MERCHANTS.

FORTY LINES OF BUSINESS NOT BEFORE TAXED.

City Attorney Hewitt has prepared the draft of a new license ordinance, prepared in the City Attorney's office, Deputy City Attorney Shink says that the license proposed will increase the city's revenue at least \$100,000 a year.

Pursuant to the request of the Council, the City Attorney prepared and presented yesterday an ordinance embodying all the recent amendments to the license laws. In presenting this ordinance Mr. Hewitt made the following comment:

"This report is in strict accordance with your instructions, but there are many amendments as to form that should be made in order to facilitate the operation of the ordinance. In this connection I desire to report that from a careful examination of the license ordinances that there are many occupations carried on in the city, the operation of which entails on the city a continual expense in repairing streets, and which pay no license whatever. There are also other occupations which require police supervision and which are not required to pay a license."

He made a compilation of the proposed amendments to the ordinance, and also a compilation of the new sections which, if added to the ordinance, would add very materially to the revenue of the city.

Here is a list of the lines of business that the City Attorney thinks should be included in the license ordinance. They are prepared for the use of the Finance Committee in considering amendments to the present ordinance:

"Business—Quarterly license. Dry goods—12.50. Lumber yards—12.50. Packing houses—12.50. Wholesale grocers—12.50. Retail grocers—12.50. Vehicle and implements—12.50. Wholesale coal and wood—12.50. Retail coal and wood—12.50. Brick yards—12.50. Retail dry goods—12.50. Furniture dealers—12.50. Wholesale hardware—12.50. Retail hardware—12.50. Abstract offices—12.50. Real estate agents—12.50. Bonds and investments—12.50. Retail men's furnishings—12.50. Dry plants—12.50. Cold storage houses—12.50. Department stores—12.50. Wholesale drug stores—12.50. Planning mills—12.50. Electric supply—12.50. Retail oil stores—12.50. Amusement and sporting—12.50."

The following are listed at \$5 a quarter each: Books and stationery, confectionery stores, retail shoe, photography and photograph supplies, cash registers, collection agencies, paints and oils, retail meat, retail wine, guns, music stores, delicatessen, management parlors, magnetic heaters.

The City Attorney recommends that the ordinance licensing the sale of automobiles be repealed. He says that the State forbids the sale of this drug and the city in licensing a line of business made contraband by the State law.

At the present time there is no license on cigar stores. The City Attorney thinks this is an inappropriate time for the head of the city department to make a permanent improvement for the fire department.

A special election will be held on October 10 to vote on the proposal to issue fire bonds. When the bonds are voted for the bonds after the budget light, but Yonkin refused and the hopes of the Finance Committee for a unanimous vote on the sale of the bonds were dashed.

Yonkin favored the bonds until a demand was presented during the afternoon session providing for an appropriation of \$200,000 to make a tour of eastern cities, inspecting their fire departments. Yonkin said it is an inappropriate time for the head of the city department to make a permanent improvement for the fire department.

By a vote of six to three the demand for the Chief's expense money passed. Yonkin then announced that he would oppose voting the fire bonds. Explaining his vote for the bonds, Yonkin said that he was not in favor of taking the money from the current expense fund. "We need the fire houses," said Yonkin, "and as such there is no provision for them in the budget the next best thing is to vote bonds."

CITY PRINTING BIDS. ON CIRCULATION BASIS. Rejecting all bids submitted for printing the city advertising, the Council voted yesterday afternoon to re-advertise under specifications which shall take into consideration the circulation of the respective bidders.

City Attorney Hewitt advised the Council that, under the charter, it is competent to take into consideration the circulation of the journals bidding for city advertising, but he holds that if this is to be done, circulation statements must be called for in the advertisement for bids.

Four offers were before the Council for consideration. The Times proposed to publish the city advertising for \$4 cents an inch and submitted a sworn statement showing its circulation to be more than \$4,000 copies daily. The Herald bid 24 cents an inch, but submitted no statement of circulation.

Chairman Wallace of the Finance Committee started a discussion at the morning session by saying that he has not been satisfied with the results received from advertisements inserted in the Journal. "Recently we desired to purchase some engines," said Wallace. "There are twenty firms in this city supplying those engines, but we received only three bids. Next we desired to purchase an auto ambulance for the police department. I was disagreeably surprised when we received but a single bid. I should judge that the other sixteen in automobiles did not know that the city desired to make such a purchase."

An attorney representing the Journal raised the question whether the Council has authority under the terms of the advertisement to consider the circulation of the journals. The City Attorney Hewitt asked for time to consult legal authorities before deciding this point.

Dromgold and Yonkin said that they are in favor of placing the city's advertising where it will receive a general circulation; each expressed a hope that they should not be tied down to a class publication.

At the afternoon session Hewitt advised that the Council should give the bid to the Journal and re-advertise for bids under amended specifications. Yonkin moved to re-advertise. Healy moved as a substitute that the bid of the Journal be accepted. A general discussion followed and it soon developed that a majority of the Councilmen are in favor of placing the city advertising in a paper of general circulation.

Municipal records were quoted showing that if the bid of the Times were accepted, less than \$100 would be paid from the tax fund in a year for the city advertising. The only items for which tax money is used are advertisements for supplies and public health and salary ordinances. The great bulk of city advertising relates to street work and is paid by the city. The cost of property in the assessment districts.

Other records were quoted to show that the average cost of advertising property in the assessment districts is less than a cent for each lot. The average cost of the improvement of which this is a part was \$45 a lot.

When franchises are advertised for sale the railway company asking for an advertisement is required to pay the bill, and no part of it comes from the pockets of the taxpayers.

Healy's motion to award the contract to the Journal was easily beaten. Then Yonkin's motion to reject and re-advertise was adopted. Yonkin said that he was not in favor of the Journal's bid, but he was in favor of the Journal's bid.

At a time it looked as though the budget would be beaten on the floor of the Council.

The budget provides for the expenditure of \$1,375,000 of the city's money, and makes a reservation of \$100,000 for the reserve fund. The estimates of the different departments are cut in the aggregate \$1,125,000, and it was over these reductions that the Councilmen could not agree.

The cuts greater than \$10,000 are as follows:

Building Fund Annex—\$2,000. Bridges—\$2,000. Commissioner—\$2,000. Engineer—\$2,000. Garage—\$2,000. General Expense—\$2,000. Health Department—\$2,000. Park Department—\$2,000. Street Department—\$2,000.

There is an \$8000 cut in street sprinkling, and a \$8000 reduction in street sweeping, making a total street-department reduction of \$16,000.

For bridges the budget appropriates \$100,000, and stipulates that a portion of this is for the Buena Vista and Main-street bridges.

As soon as the budget was presented When opposed it because it did not provide sufficient funds for the fire department, he said he would be willing to submit the question of bridges to a vote of the people, but he wanted the engine-houses built at once, without any delay such as must occur while waiting for the sale of the bonds.

Healy wouldn't vote for the budget until the other legislators had crossed their hearts to build him a bridge over on East Main street.

Yonkin served notice that he would oppose the budget until the Council makes some arrangement for taking care of the city inspector of billboards. The appropriation for this office was omitted in the budget.

Wallace reminded the other Councilmen that the budget as presented is far different from what would be expected to have it. He said he has been compelled to sacrifice a great many things and he has sacrificed his fellow-legislators to sacrifice a few things. When the vote was finally taken all favored the budget but Yonkin stood out for a larger appropriation for the fire department and no fire bonds.

When the budget was formally adopted a surprise was in store in the form of a motion that the City Attorney be instructed to prepare and present an ordinance providing that no department be allowed to expend more than one-twelfth of its budget allowance each month.

This is a radical departure from the precedent of former Councils; the budget has always been considered an advisory rather than obligatory, and department heads have been free to appropriate with impunity.

Speaking to his motion Wallace said that this action is necessary in order that the city shall not finish this year with a deficit. "It is not enough that the department heads are told that they shall expend just so much in a year," said Wallace. "The police department and fire department have become accustomed to the practice of expending more than one-twelfth of its budget allowance each month."

After a brief discussion the City Attorney received instructions to prepare an ordinance along the lines suggested by Wallace. It will probably meet a hostile reception from a part of the Council, but the ordinance presented next Monday, as to enforce it would mean to discharge at once several inspectors in the health department, a part of the force of the City Electrician, a number of men in the engineering department and forego the building of a new annex to the City Hall.

The city's total revenue from taxes, licenses and incidents is estimated at this year at \$2,475,000. This is \$700,000 greater than the revenue collected last year. If the new license ordinance proposed by Mr. Hewitt is adopted, an other \$100,000 will be added to this year's revenue.

The tax rate is \$1 on each \$100 of assessed valuation for current expenses and 25 cents of each \$100 for payment of interest and sinking fund on bonds. The \$1 rate is the highest permitted by our city charter.

FOR FIRE BONDS. ELECTION IN OCTOBER. Following the adoption of the annual budget yesterday the Council instructed the City Attorney to present an ordinance next Monday calling upon the electors of the city to ratify an issue of \$200,000 of fire bonds to make permanent improvements for the fire department.

A special election will be held on October 10 to vote on the proposal to issue fire bonds. When the bonds are voted for the bonds after the budget light, but Yonkin refused and the hopes of the Finance Committee for a unanimous vote on the sale of the bonds were dashed.

Yonkin favored the bonds until a demand was presented during the afternoon session providing for an appropriation of \$200,000 to make a tour of eastern cities, inspecting their fire departments. Yonkin said it is an inappropriate time for the head of the city department to make a permanent improvement for the fire department.

By a vote of six to three the demand for the Chief's expense money passed. Yonkin then announced that he would oppose voting the fire bonds. Explaining his vote for the bonds, Yonkin said that he was not in favor of taking the money from the current expense fund. "We need the fire houses," said Yonkin, "and as such there is no provision for them in the budget the next best thing is to vote bonds."

CITY PRINTING BIDS. ON CIRCULATION BASIS. Rejecting all bids submitted for printing the city advertising, the Council voted yesterday afternoon to re-advertise under specifications which shall take into consideration the circulation of the respective bidders.

City Attorney Hewitt advised the Council that, under the charter, it is competent to take into consideration the circulation of the journals bidding for city advertising, but he holds that if this is to be done, circulation statements must be called for in the advertisement for bids.

Four offers were before the Council for consideration. The Times proposed to publish the city advertising for \$4 cents an inch and submitted a sworn statement showing its circulation to be more than \$4,000 copies daily. The Herald bid 24 cents an inch, but submitted no statement of circulation.

Chairman Wallace of the Finance Committee started a discussion at the morning session by saying that he has not been satisfied with the results received from advertisements inserted in the Journal. "Recently we desired to purchase some engines," said Wallace. "There are twenty firms in this city supplying those engines, but we received only three bids. Next we desired to purchase an auto ambulance for the police department. I was disagreeably surprised when we received but a single bid. I should judge that the other sixteen in automobiles did not know that the city desired to make such a purchase."

An attorney representing the Journal raised the question whether the Council has authority under the terms of the advertisement to consider the circulation of the journals. The City Attorney Hewitt asked for time to consult legal authorities before deciding this point.

Dromgold and Yonkin said that they are in favor of placing the city's advertising where it will receive a general circulation; each expressed a hope that they should not be tied down to a class publication.

At the afternoon session Hewitt advised that the Council should give the bid to the Journal and re-advertise for bids under amended specifications. Yonkin moved to re-advertise. Healy moved as a substitute that the bid of the Journal be accepted. A general discussion followed and it soon developed that a majority of the Councilmen are in favor of placing the city advertising in a paper of general circulation.

Municipal records were quoted showing that if the bid of the Times were accepted, less than \$100 would be paid from the tax fund in a year for the city advertising. The only items for which tax money is used are advertisements for supplies and public health and salary ordinances. The great bulk of city advertising relates to street work and is paid by the city. The cost of property in the assessment districts.

Other records were quoted to show that the average cost of advertising property in the assessment districts is less than a cent for each lot. The average cost of the improvement of which this is a part was \$45 a lot.

When franchises are advertised for sale the railway company asking for an advertisement is required to pay the bill, and no part of it comes from the pockets of the taxpayers.

Healy's motion to award the contract to the Journal was easily beaten. Then Yonkin's motion to reject and re-advertise was adopted. Yonkin said that he was not in favor of the Journal's bid, but he was in favor of the Journal's bid.

Relph's court, is expected to reveal the manner in which young girls are being lured to the city by the Los Angeles Electric Company, alleging in his complaint that he was run over by a wagon belonging to the company and severely injured. The accident is stated to have occurred on April 9, at Ninth and Los Angeles streets.

RAILWAY SUE. A suit for \$1000 against the Los Angeles Railway Company was filed yesterday in the Superior Court by Peter Backman. The complaint alleges that an oil wagon which Backman was driving at Moneta avenue and Forty-second street, on October 15, was struck by a car, and that the plaintiff was thrown off and injured.

INJUNCTION SUIT. George Mason, proprietor of a six-story building at the corner of Broadway and Fourth street, yesterday filed a suit against Mayor Harry C. Holtzman, City Controller and City Engineer, to restrain them from attempting to execute a city ordinance relating to fire escapes. Under the ordinance, which is said to be violated by Mason in maintaining the fire escapes now on the building in question, a fine of not less than \$5 nor more than \$50 may be imposed on any owner who violates the ordinance. The ordinance is void because unreasonable.

WILLIAMS SUE. A suit to collect \$114.61, alleged to be due to various newspapers of the city for advertising, was filed yesterday in the Superior Court against the supposed publisher, J. Whyte Evans, who recently lodged a complaint for extortion against Dr. Owens. E. K. Porter, as assignee of the claims, appears as plaintiff.

NEW CORPORATIONS. Valley Ice Company, Glendale, capital stock \$25,000, of which \$15,000 is subscribed, has directors as Wallace Wileman, Henry E. Willis and Frank Herald. Spiritual Relief Association, no capital stock, of which \$15,000 is subscribed, has directors as Wallace Wileman, Henry E. Willis and Frank Herald.

WATER COMMISSION. Awards Contracts and Declines to Intervene in Annexation Project Northwest of City.

At yesterday's meeting of the Water Board the contract for supplying forty tons of pig feed was awarded to the Crane company on a bid of \$4.95 per 100 pounds, and a contract for 300 fire hydrants was awarded to the Washington Iron Works at \$25.90 each.

Mr. Stansford, a resident in the section northwest of the city seeking annexation, appeared before the board as an opponent of the project, and asked that the board take action to stop the movement. He said he was one of the signers of the original petition for annexation, but the election had shown the attitude of the citizens of Los Angeles, and he and others now deemed it better to postpone action until some comprehensive plan of city and county consolidation should be adopted. He had no doubt that the annexation scheme would be defeated, and saw no use in putting the city to the expense of another election. A resolution of the board unfavorable to further extension of the city boundaries, he thought, would head off the petition, and cause it to be withdrawn.

The board declined to take any action, explaining that it had no jurisdiction, and could not properly volunteer any advice on the subject. Nevertheless, the City Commissioners do not look favorably on the annexation of the northwestern district.

Union chapter of the A.I.A. will be held October 8.
General topics of interest to architects were discussed last night. A memorial on the death of Ezra F. Kyrle was submitted to the members last night by the committee of three, composed of Octavius Morgan, R. R. Young and August Wackerbarth. The committee cited several of the leading traits of the pioneer architect of Los Angeles, and mentioned several of the more prominent buildings which he designed. The memorial was adopted.

RELIGIOUS
SERIOUS CHARGE AGAINST PARSON.
STEED TRIAL PROGRESSING BEFORE JURY.
Will Make His Defense This Morning—Methodists Will Build New Church at Colton—New Officers Will Be Installed in the Salvation Army Tonight.

The trial of Rev. George Steed, former pastor of the Prospect Methodist Church, under charge of immorality, began yesterday morning at the First Methodist Church in this city, and the court adjourned last night without having completed the evidence.
The trial is before a jury of six ministers, the Prospect Park church being represented by Rev. F. D. Mather, as attorney, and the defendant by Dr. E. A. Healy and Dr. J. B. Green. Dr. A. W. Adkinson, presiding elder, is acting as judge of the tribunal.
Frank W. Hovey, an officer of the congregation, was the complaining witness, and the specific charges of immorality were made by Mrs. Pearl Mertz and Mrs. Florence Lander. A third witness, Mrs. Hanna, who is understood to be a massage practitioner, the woman who first brought the charge against Steed to the attention of the presiding elder, was not present, but her deposition was presented supporting what she had in person told the presiding elder, in the presence of the defendant.
All the evidence for the complainant was in last night, and at 8:30 o'clock this morning the court will meet again to hear what evidence Mr. Steed has to offer in his own defense.
At the time the witness brought face to face with Mrs. Hanna in the presence of Dr. Adkinson, Steed practically confessed everything that was charged, and he will probably do nothing more this morning than throw himself upon the mercy of the jury.

PROGRESS AT COLTON.
METHODISTS WILL BUILD.
One of the older ministers in the Southern California Methodist conference is Dr. Isaac Jewell, now in charge of the church at Colton. He has been in the conference for thirteen years but this is his first year at Colton, and he has met with splendid success. He will come to the annual meeting reporting a great advance in the congregation, a largely increased Sunday-school, the business community deeply interested in the work, and active steps being taken for the erection of a fine new church. Material and money have been subscribed, and the plans selected show a structure with a tall spire that will be a feature in the city of Colton. Dr. Jewell is a good preacher and a man of wide information and experience, and the people of Colton have readily recognized his qualifications.

SALVATION ARMY.
INSTALLATION TONIGHT.
The installation of Maj. and Mrs. Waite, successors to Maj. and Mrs. Morton, will take place in the Salvation Army headquarters at the Monarch Rink on Hill street, this evening. The service will be conducted by Col. George French of San Francisco, assisted by Brig. Durbin and other officers of the army. The Waitees were in charge of the North Pacific division, just prior to their transfer to this station.

NORMAL ANNIVERSARY.
Students Listen to Addresses on History of School and Progress of Government.
The twenty-fifth anniversary of the opening of the Los Angeles State Normal School was celebrated in a quiet way yesterday in assembly hall. The students of the school, now in its second week, listened to a brief address on the history of the institution by President Millsap, and were then treated to a learned address by Seward A. Simons, an attorney of this city. Mr. Simons made the topic of his talk: "Don't Be Afraid of the New Idea." This new idea, to tell of it with extreme brevity, is that the State and the people stand on an equal footing before the Constitution of the United States, and for the correction of a wrong the people may go direct to the fountain-head of authority, instead of operating through the minions of the State. The broad general principle expressed, was that the individual citizen is supreme in his rights, so long as he is a law-abiding and patriotic citizen.
The great council of Red Men at Norfolk, Va., yesterday adopted an amendment prohibiting membership to all saloon-keepers and bartenders. This is not, however, retroactive.

Not all People
Prefer the same beer—that is true.
They are guided by taste; and tastes differ, as beers do.
But taste can be cultivated. And absolute purity is much more important.
Judged by likes, the few best beers may not differ enough to matter.
Judged by purity, there is a vast difference in beers. And purity means healthfulness, cleanliness, freedom from germs. It means a beer that cannot cause biliousness.

Schlitz
The Beer That Made Milwaukee Famous.

Ask for the Brewery Bottling.
Common beer is sometimes substituted for Schlitz.
To avoid being imposed upon, see that the cork or crown is branded

It is purity, above all, that makes Schlitz so important.

BOYS' SCHOOL SUITS

The new Fall goods are here. Handsome in pattern—most excellent in make, fit and style. And, as usual, best in value—quality considered. Prices start at \$5.00—running on as high as you want to go. In summer weights there are still quite a lot of suits, sizes 8 to 16, at \$3.50—worth up to \$7.50. These suits are quite heavy enough for wear during the next sixty days.

If you'll leave it to the boy, he'll want an H. & F. Suit.

You'll find these charming waists of Japanese silks splendid for wear well into winter; they're up-to-date in style and material, but we need their space. So, out at half regular prices today. All sizes.

New Percales 12c Yd

Any school dresses, house wrappers, skirts, aprons or similar garments to make? You'll quickly learn by inspection that percales are excellent for the purpose, and our assortments are broadest and most carefully selected.

White grounds and colored; showing tiny pin dots, polka dots, neat odd figures, little checks and larger shepherd checks in gray, navy, cadet, green and other good colors, 12c a yard.

Sale of Wash Belts

Are you inclined to be short waisted? A belt of similar material and shade to your waist will add to the apparent length. These wash belts are finely made, strongly and beautifully finished and worth all they're marked, but this little lot may go out under price today.

The wash belts which have previously been 35c and 50c are now 15c apiece. All those that were \$1.50 and \$2 are \$1 each.

Velvets for Fall Gowns

We've been telling you of the new fall silks; now comes the first showing of chiffon velvets; they're all silk, and proper for costumes or jackets, etc. Both the evening shades and the darker colors for street suits are here, and velvets promise great popularity again this season.

19-inch velvets in blue, rose, ciel, cream, lavender, Copenhagen blue, national blue, navy, beige, golden brown, mordore, pearl gray, medium gray, old rose, maize, sulphur, cardinal, reseda, myrtle and copper hefe at \$1.75 a yard.

Our collection of new plaids, at 85c to \$1.75 a yard, are admittedly the finest hereabouts; while the stripe silks, at \$1.00 to \$1.75, couldn't be bettered.

In high-grade black taffetas we call your especial attention to Money-bak, 26 to 36 inches wide, \$1.50 to \$2; Home Silk Mills, 21 to 36 inches wide, \$1.25 to \$2 yard; Sterling black taffeta, 26 to 35 inches wide, \$1.25 to \$2.25; all fully guaranteed by us and by their makers.

Some Underpriced Blacks

26-inch black taffeta 85c; was \$1.25. 36-inch black taffeta (guaranteed) \$1.20; was \$1.50. 35-inch black chiffon taffeta, \$1.10; was \$1.35. 36-inch black chiffon taffeta, \$1.65; was \$2.00. 36-inch black chiffon taffeta, \$1.40; was \$1.75. 36-inch black satin Majestic, \$1.75 and \$2 a yard.

Special Blanket Buying and Bedding Opportunities

We've made it possible to replenish stocks very easily, by little prices on some of the choicest, today.

Down-filled silk covers, with extra inner lining to prevent down from coming through: in beautiful designs, very carefully stitched and finished.

\$25.00 covers are \$22.50; \$20 covers are \$18.50. Styles like the foregoing, but filled with finest lambs' wool are \$12.50 instead of \$15.00 each.

Special Blanket Prices

Why people are thin

There are four reasons
(1) They do not eat enough.
(2) They do not eat right.
(3) They do not eat at regular intervals.
(4) They do not eat the right kind of food.

Pepto-Bismol ADDS FLAVOR

because it contains the most concentrated form of the most potent food elements in the world.
A Professor in the great Eastern University gained twenty pounds in the first week on the Pepto-Bismol diet.

The Pepto Company

Remember Pepto-Bismol is a Food, not a Drug. It will not cost you a cent unless you are thin and weak.

The Owl Drug Co.

FRANK P. LEWIS, President of the Pepto-Bismol Co., who has made the Pepto-Bismol diet famous throughout the world.

DEATH IN AIR

Live Wire Shocks Police in Riverside, Sept. 10. A man was killed by a live wire in Riverside, California, on Sunday night. The victim was a young man who was working on a power line. He was struck by a live wire and fell to his death.

EVENTS IN LOCAL SOCIETY.

At the residence of the officiating clergyman, Rev. Wm. A. Knight, pastor of the Union Avenue Methodist Church, Miss Mabel Coffelt and Luther Henry Light were married Monday. The ceremony was witnessed by relatives of the bride and groom.

Married at Parsonsage. At the residence of the officiating clergyman, Rev. Wm. A. Knight, pastor of the Union Avenue Methodist Church, Miss Mabel Coffelt and Luther Henry Light were married Monday. The ceremony was witnessed by relatives of the bride and groom.

Miss Bessie Bartlett, who is enjoying an automobile jaunt to Santa Barbara.

Mr. Light and his bride will reside at No. 210 Burlington avenue at the conclusion of their honeymoon trip. Luncheon Aboard Cabrillo. Mrs. M. P. Snyder was hostess yesterday at a luncheon given aboard the ship Cabrillo at Venice. Guests included members of the Pine Forest Whist Club, of which she is a member.

Miss Moore Honored. Mr. and Mrs. A. J. Stalder of No. 1017 Seventh street, Riverside, entertained recently with a card party in compliment to their house guest, Miss Florence Moore of this city.

Miss Sutton Coming. Miss May Sutton, after winning matches in Europe and the East, is expected to return to her home in Pasadena within the week. Friends of the tennis champion are planning a reception.

"Hawaiian Reception." Invitations have been issued by Mr. and Mrs. Warren Wilson for a "Hawaiian reception," to be given in the garden of their home, No. 517 South Boyle avenue, Saturday evening, September 21.

Notes and Personals. Miss Madeline Anstead and Maximilian Elcheberg were married yesterday.

Mr. and Mrs. Austin E. Elliott are now occupying their new home at No. 2525 Halldale avenue.

Mr. and Mrs. J. P. Keener left yesterday for a stay of several months with relatives and friends in Kansas City. They will also visit the Jamestown Exposition and other points of interest.

Mrs. Jefferson D. Gibbs and family have returned to their home, No. 424 Park View avenue, after passing the summer at East Newport.

Mrs. S. W. Vaughn, who has been a guest at the home of Mrs. Gibbs, both in this city and at the beach, left Sunday for her home in Houston, Tex.

Buy It Now. Now is the time to buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is certain to be needed sooner or later and when that time comes you will need it badly—you will need it quickly. Buy it now. It may save life.—(Advt.)

Buy Sample Shoes. Ladies—Visit my sample shoe shop, on the first floor of the Merchants' Trust Bldg., No. 201 South Broadway. I sell the best shoes made, in the latest styles and in all sizes, for \$2 a pair. Harry Magill, the Sample Shoe Man.

BEVERLY HILLS
Between the City and the Sea
The Reasons Why It's Building Up
Just near enough—on the pretty foothills between Hollywood and the Soldiers' Home.
It now has three car lines. Two of the new subways coming.
The only suburb laid out by one management. No narrow or irregular streets. No conflicting building restrictions on different blocks. Everything harmonizes.
More advantages and attractions than any section of Los Angeles—four parks, sewer, gas, electricity, telephones, oil lamp streets, 12-foot parkways, cement walks and curbs, miles of trees and shrubs.
Low commutation rate—only \$5.35 for sixty rides.
All lots are large, \$6x160 up, also country places of 2 1/2 to 5 acres.
View of mountains and ocean. Unsurpassed climate. The district will never have that crowded appearance, but each home will be surrounded with sunshine and the whole suburb will appear like one great park.
The rapidity with which it is building up assures every builder that his home will be surrounded by agreeable neighbors.
Prices \$500 up. Building restrictions \$2500 up.

The new Country Club adjoins Beverly Hills. A preliminary expenditure of \$100,000 will be made on the clubhouse and grounds.

REFUSE FRANCHISE.

San Diego Councilmen Won't Fish or Cut Bait in Spite of Petition.

News Notes.

SAN DIEGO, Sept. 10.—The City Council this afternoon turned down the special petition for the Webster pier franchise by refusing to accept Webster's check for \$2500 for traction expenses, and by the president declining to entertain a motion for the adoption of an ordinance calling a special election, after the City Auditor had declined to certify to the measure through lack of funds. The vote stood six to two.

Webster may now commence mandamus proceedings, and there is talk of a petition recalling the six Councilmen. Webster's petition obliging the Council to either ratify the Harbor Commission franchise on B street, or call an election, was signed by 220 electors.

The Spreckels interest bought the street railway franchise that Webster had applied for on B street, and on Monday the A-street franchise, one block north, will be sold to the Spreckels.

SAN DIEGO DOTS.

Fred Hyde, 11 years old, was almost instantly killed at noon today by a fall from a balcony. The distance was only about twelve feet, but the child struck on his head, the skull was crushed, and he died in a few minutes.

Perry G. Jackson of Los Angeles, who eloped from that city with Miss Anna Welch, in an automobile, coming hereto be married last Saturday, says the reason he departed from Los Angeles without notice was that his brother was opposed to his marrying on account of his age, which is 21 years. Jackson is in business here.

A "Boathouse" is to be erected at Port Rosencrans to be devoted to the use of the quartermaster's department. Bids are to be received by Lieut. B. H. L. Williams.

The new Bank of Commerce and Trust Company has elected the following officers: Julius Wangelheim, president; Frank S. Jennings, vice-president; George W. Marston, second vice-president; J. S. H. Dr. Jr., cashier; L. M. Arrey, assistant cashier; Milton H. Epstein, assistant cashier. In addition to the paid-up capital of \$500,000, the institution will have a surplus of \$100,000.

The Civic Improvement Committee has filed a petition with the Harbor Commissioners asking for the franchise at the foot of C. D. and E. streets for a pleasure pier, for the use of the public. The pier is to be a part of the plan for the improvement of the harbor, and the plans for which have been drawn. The Legislature will be asked to endorse the proposition.

The directors of the Chamber of Commerce have taken steps for the better protection of exhibits at the Chamber, this having been made necessary through the complaint of exhibitors, since the stealing of gems, to the effect that the exhibits were not properly safeguarded.

The preliminary survey on the southern route of the San Diego and Arizona Railroad will be completed within a few days. The surveying parties are now at work in the desert. The route within a week they will be at Chula Vista. The work has already been completed in San Diego and National.

The Humane Society has appointed a committee to present to the judges of the Superior Court a petition for the appointment of a commission of seven judges to take charge of the juvenile offenders when they come before the Superior Court.

CORONA, Sept. 10.—Dr. U. O. Deputy, hastening to the bedside of his wife, seriously ill in the East, reached Downing, Mo., September 10, only to learn that she was two days too late. THE DOCTORS WHO CURE

\$5 A Month

\$5

DR. J. B. SHORES

DR. J. B. SHORES

MEN ONLY

I Cure Cases That Others Cannot Cure

A bold statement, but just as true as it is bold. Not all cases that others fail to cure are curable by my methods, but fully ninety per cent of them are. The way to learn whether your case is curable is in consulting me. I know exactly what can be done in every instance. I ought to know this, for I have done nothing else other than treat men's diseases for twenty-five years. If your case is curable I will treat you. If it isn't I will not. If I treat you, and you so desire.

WEAKNESS

Weakness is more a comparatively a simple ailment and is but a symptom of local disease, a congestion of an important nerve center. No stimulating treatment, whether internal or locally applied, can do more than create temporary activity. By my system of local treatment I restore the general health. Most physicians resort to surgical operations and hospital treatment to cure Varicocele. In one week without operation, pain or detention from work, my cures are permanent and will effect what other can follow my treatment.

VARICOCELE

Varicocele is a relaxation, shooting and twisting of the most vital blood vessels of the organic system. It stagnates the local circulation and interferes with the processes of waste and repair. Neglect brings degeneration of function and injury to the general health. Most physicians resort to surgical operations and hospital treatment to cure Varicocele. In one week without operation, pain or detention from work, my cures are permanent and will effect what other can follow my treatment.

PUBLIC SERVICE.

THE INFERIOR COURTS.

STOMACHS SAVED
FROM DISEASE.WAGON RESTAURANTS SAID TO
SERVE VILE FOOD.

One Proprietor Arrested—His Lunch Car, Inspector States, Contain Putrid Fish and Bones. Butcher and Lord—Will Be Arraigned Today—Others to Face Law's Grasp.

Under the direction of Restaurant Inspector Wright, a raid was made on a number of the wagon restaurants of the city yesterday, and a quantity of poor food found its way into garbage piles instead of into human stomachs.

After the visit by the inspector and police officers to some of the wagons, J. J. Murphy, who controls the wagon restaurant industry at First and Los Angeles streets, was arrested. He will be arraigned in court today. Other arrests will follow.

At many of the wagons, the most horrible conditions were found to exist. Murphy, an alleged old offender, has been sought by the inspector for some time, but it was not learned until yesterday that his wagon was kept on a lot on East Fourth street, just east of Wall street.

The inspector went to the place and found, he said, that the wagon was reeking with filth. A box containing ice and fish was found in one of the wagons. The fish had been bought the day before, and the fish was found to be putrid, and the inspector threw it away. The same fate was meted out to a quantity of butter and ten pounds of lard. The lard was found to be rancid. In the wagon stalls, the inspector said, were hundreds of dead flies and other insects, foul-smelling refuse and a ten-pound sack of salt, mixed with sand. The cooking utensils, too, were found to be unclean.

After the inspector had departed, neighbors reported that men employed by Murphy had picked up the putrid fish from the ground and washed it. "These wagon men are the most dangerous violators of the sanitary laws," explained the inspector. "They sell their wares, in most cases, to men who have been drinking, and whose stomachs are in no condition to withstand the attacks of bacteria."

"Many of the wagon men buy refuse meat, and then, after rolling it in batter and trying to serve it to victims who are seized with ptomaine poison or typhoid fever. We have a hard time to get them, because at night they just cook it so that we cannot tell just how bad it really is. In the day they keep their wagons hidden in sheds in various parts of the city."

Los Men in Court.

Charged with the violation of the Cartwright law, the representatives of four Los Angeles companies of Los Angeles were in the Police Court yesterday. The companies have combined to fight the charge. The attorneys filed briefs attacking the constitutionality of the Cartwright law and the prosecution was allowed thirty days in which to answer.

CHI

LADY DETECTS
A "DETECTIVE."CHASING HIM INTO THE ARMS OF
A POLICEMAN.

Provoker in Disguise Terrorizes Women, but Encounters One Who Isn't Afraid, and Now He's in Jail. Sheds Much False Hair and Large Revolver.

After terrorizing several women, Charles E. Tolle's career as a "detective" was cut short about 9 o'clock last night when he was put to flight by Mrs. C. B. Woods of No. 1301 South Flower street and chased into the arms of a patrolman. A sandy beard and heavy sideburns were stripped from his face and he carried a large revolver. Tolle is locked up at the Central Police Station charged with carrying concealed weapons.

For several nights Tolle had appeared at Flower and Pico streets in disguise. He has prowled about in the rear of houses and approached several persons who entered Mrs. Woods' house. He has followed a number of women and then abandoned their course and disappeared.

Tolle appeared on the corner as usual last night. He walked up and down the sidewalk in front of Mrs. Woods' house. Mrs. Woods and her daughter, Margaret, were sitting on the porch. Finally Mrs. Woods mustered up courage and unbolted her door and walked out on the porch. As Tolle approached striking his beard with a mysterious air she started after him.

"See here, what do you want?" she exclaimed. Without further parley Tolle took to his heels. He ran west on Pico street. Mrs. Woods was assisted in her chase by Chester Crank, who followed him until he ran against Patrolman Lynch. Tolle was taken back to Mrs. Woods' residence, where he was identified. He had stripped off his beard but his heavy sideburns were still on his face. He had his beard tucked up his sleeve and tried to drop it but Mrs. Woods saw his act.

Tolle declares that he lives near Florence, where he has a hard cider mill. He said that he was doing some "detective work" for himself. He asserts that he is looking for a man who lives in the vicinity of Flower and Pico streets. He refused to tell what the man's name or for what purpose he is endeavoring to find him.

LINCOLN-ROOSEVELT LEAGUE.

Executive Committee Member Says It
Has No Candidate but Seeks
the People's Good.

"The primary object of the Lincoln-Roosevelt League is to present a platform against the State political machine. It was not formed for the purpose of boosting any candidate for office." This statement was made last night by Marshall Stinson, who returned yesterday from San Francisco. As a member of the Executive Committee of the league, he attended the recent committee meeting at Sacramento. He says the committee plans to organize local clubs with Assembly districts as a basis.

"Our State Committee will consist of 200 members," continued Stinson. "There will be eighty members representing the Assembly districts; seventy members at large, fifteen members of the Executive Committee, and thirty-five members chosen so as to give each county representation."

"We adopted a resolution to the effect that the league has no candidate for the United States Senate, and that

THREATENS WIFE'S LIFE?

Eugene Tatum Arrested Yesterday and Held Under Bail of Twenty-five Hundred Dollars.

Eugene Tatum was arrested yesterday on the charge of threatening to kill his wife, Mrs. Annie Tatum, and his bail was fixed at \$2500 by Justice Summerfield. The officers say Mrs. Tatum claims that her husband has been abusing her.

Tatum is a young man and member of a good family. Relatives claim there is something back of his trouble which will be disclosed when he is examined.

WATER BONDS SUIT.

One of the many suits of ancient vintage brought against the Rialto irrigation district was appealed to the Supreme Court yesterday by Oscar Mueller, attorney for N. W. Stowell, the plaintiff. Stowell sought to secure a judgment for \$20,590 and interest in the lower court. Judgment was rendered for the defendant. Litigation has been going on against the Rialto irrigation district for many years, the sale of its bonds having been declared invalid by the courts.

SHE SEEKS DAMAGES.

The case of Louise Allison against the Southern Pacific Company was begun yesterday in the United States Circuit Court. The plaintiff is seeking to recover \$25,000 damages for the death of E. Perry Allison, late a fireman in the employ of the Southern Pacific. In an accident at Long's station, May 23, 1905, Allison was hurled from his cab and killed. The case will be resumed this morning.

USES BRASS KNUCKLES.

Charles Blair, a one-eyed newsboy, was arrested at Second and Spring streets yesterday, on the charge of attacking Dan Hogan of No. 37 South Los Angeles street, with brass knuckles. According to the police, Blair had been drinking. He was severely beaten by Hogan.

QUARREL OVER FLOWERS.

Spirous Marindis was arrested last night on the charge of assaulting S. Stathalos at Fifth street and Broadway. The police say that Marindis pushed Stathalos off the walk when the latter attempted to sell flowers at Fifth street.

J. H. PEARMAN, Assistant Manager

605 South Spring Street.

Dr Paul Edwards writes: "I have now used your

DIASPEARING BED

and have 16 of them in the Edwards Apartments, 345 South Spring Street. I am free to say that I never used a bed that was so satisfactory as your disappearing bed. It is a real bed on wheels, every flag of the earth, with but one exception. It is not a bed, it is a bed.

This bed does not fold. Does not lift. Is perfectly sanitary. Gives large clearance. Occupies no valuable space anywhere. Has no sham furniture. Is not expensive.
